

# No. AK160

# Certificate of Analysis

Product Name: Poly(ethylene glycol)-*b*-Poly((D,L)-lactic acid) diblock copolymers (2,000:8,000Da) (Lot#: 201102FAJ-A)

| Polymer        | M <sub>n</sub> (from GPC) | M <sub>w</sub> (from GPC) | PDI  |
|----------------|---------------------------|---------------------------|------|
| mPEG-PDLLA     | 11,293                    | 18,413                    | 1.63 |
| PEG precursor* | 1951*                     |                           |      |

\*- from MFG data

## • Structure of mPEG-P(DL)LA copolymers
