

AO058

Certificate of Analysis

Product Name: Methoxy Poly(ethylene glycol)-*b*-Polyethyleneimine
(branched) copolymers (mPEG-PEI 2,000-2,000 Da) (Lot#: 190731AHT-A)

Molecular weight data

Polymer	Molecular Weight
PEI (2000)*	~2,000
mPEG*	2,200

*- from MFG data

Solubility: Product is soluble in water, sparingly soluble in organic solvents. Solvation properties unsuitable for GPC analysis.

Inherent Viscosity: 0.082 ± 0.002 dL/g (calculated from dynamic viscosity at 2% w/v DIH₂O on Rheosense microVISC, n=3)
