Precautionary statement Hazards to humans and domestic animals

Caution: Will produce serious gastric disturbances if taken internally. Use only in a well-ventilated area. Causes eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. **FIRST AID:** IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. Physical or Chemical hazards flammable, keep away from fire and flame, do not mix with other cleaners. Contains no bleach. Contains no phosphorus. Do not flush wipes down toilet.

Keep out of reach of children

Directions for use It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To sanitize hard, nonporous, non-food-contact surfaces: Wipe surface; use enough wipes for treated surfaces to remain visibly wet for 10 seconds. Let surface dry. For highly soiled surfaces, clean excess dirt first. For surfaces that may come in contact with food, a potable water rinse is required. This product is not for use on dishes, glassware, or eating utensils. Not for cleaning or sanitizing skin. Do not use as a diaper wipe or for personal cleansing. This product is not recommended for use on surfaces which may be damaged by exposure to alcohol such as varnished or finished wood, cloth surfaces such as acetate, rayon, wool, and silk, and certain kinds of plastics. Test a small area first.

*Product contains active ingredients previously demonstrated to be effective at inactivating bacterial/viral agents including coronavirus (Kampf, Günter, et al. "Persistence of coronaviruses on inanimate surfaces and its inactivation with biocidal agents." Journal of Hospital Infection (2020).)
